Bush Rover
Safaris
The ultimate quality we provide

-YOUR REAL ADVENTURE-

-ABOUT US-

Bush Rover Safaris is a mobile company that operates mobile tours in Botswana, Namibia, Zambia, South Africa and Zimbabwe. We aim to discover different terrain, landscape and best wildlife at same time create unique experience of bush camping to the guest.

Bush Rover Safaris was established in 2019 with the aim of giving options to the guest to choose areas of preference as we offer scheduled tailor made mobile safaris to small groups, friends, families and private tours.

Bush Rover safaris is a local citizen owned safari company owned by Christopher Dipadile Mohora as bush chef. He got 10 years of combined experience then upgraded to guiding. The focus of company has always been on quality of guides and chefs to deliver best experience to our guest. Botswana mobile tented safari without doubt, have the best tourism destinations

-Why Travel With Us-

Here are the reasons why you should choose us;

1.) 100% Customisable

Your itinerary is designed specifically for you to best suit your preferences and requirements. Bush Rover Safaris experts will give you professional advice to fine-tune your itinerary.

2.) We're Local Community Experts

We're residents and we've actually been where you will be going. We know what you can expect. We have travelled and explored before you. We use only the best experienced guides, reputable and trusted staff. We're independent.

3.) We're On Hand 24/7

We are on call 24 hours a day, seven days a week.

-CREATING THE ULTIMATE SAFARI-

Carefully crafting a multi-destination safari will deliver the greatest rewards on any destination visit. Simply put, you cannot see everything in only one location.

Different wildlife species thrive in different habitats and prefer different climates, fill separate and distinct niches, and enjoy different symbiotic relations.

-MOBILE TENTED SAFARI-

If you are planning for holiday trip to Africa. Let us welcome you and congratulate you for choosing Africa, Botswana your real adventure to explore the desert and wetlands. We congratulate for choosing to travel with Bush Rover safaris.

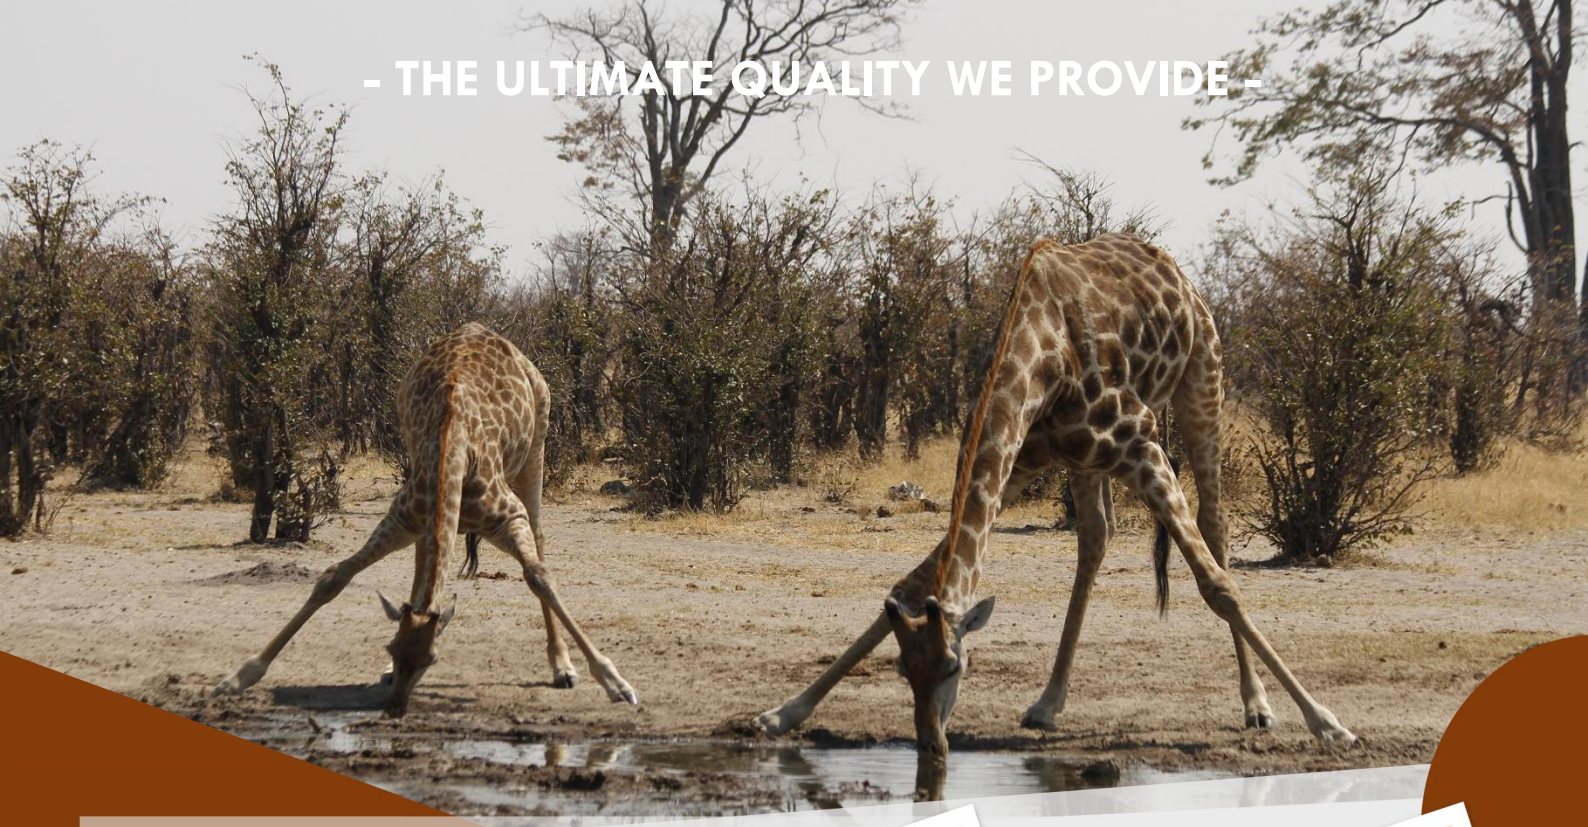

4.) Our Strengths

We are not just a tour operator, we design itineraries accurately based on our deep knowledge of the area and the scenery. Our tailor-made itineraries are thought out down to the smallest detail in order, while remaining attentive to your desires to optimize all aspects of the trip. Bush Rover Safaris will bring an extra dimension to your experiences during your stay in Africa.

5.) Sustainable tourism

We are fully aware that tourism can be harmful to both the environment and the local population. However, our trips are designed to reduce our impact on the environment on the one hand, but also to benefit the local population. We travel in small groups (a maximum of 7). We use accommodations that are sensitive to the environment (waste management, water use ... etc) but also involving the local population in their operation. We recommend discoveries with non-polluting means (on foot, by mokoro, eco water bottles for travellers... etc).

- BEAUTIFUL ONE DAY, PERFECT THE NEXT -

CAMPSITES USED BY BUSH ROVER SAFARIS ON BOTSWANA SAFARI

Private tour operator sites -BOGA

These sites are situated within the national parks and game reserves in Botswana and are for exclusive use of licensed professional Botswana operators.

The sites are pure wilderness sites, generally in idyllic locations. There are no facilities and camps are totally self-sufficient—we bring our own camping equipment, water, shower, toilet and food. There is a code of conduct for all operators using these sites and they are self-maintained, no littering, coals, holes to be left behind.

Please note that these areas are unfenced and have no electricity. They offer a wilderness experience uninterrupted and pure, this is the beauty of what Botswana can offer, no people, no industrial noise just in the wilderness, open sky where the stars shine brightly undimmed by city lights.

Private community sites

The sites are situated in community areas adjacent to national parks that are classified as photographic wilderness areas. They are similar to the BOGA sites but the rules of the community areas are more flexible than those in game reserve and park-driving.

Driving is permitted after dark which allows night drives, walking safaris which is permitted within safety parameters—some of these sites offer complete privacy in remote locations other sites are in close range to other sites.

TYPES OF OURS SAFARIS

1. PRIVATELY-GUIDED SAFARI

Our privately-guided safaris allow you to design your own itinerary, which takes place at your own time and pace, with your own experienced and highly-trained Private Journey guide. Leading your journey from start to finish, Rams Safaris will arrange for a particular guide that meets your specific and specialist requirements.

We make sure our privately guided safaris are an authentic, private, and exclusive safari experience. You will experience the very best game viewing, private accommodation, vehicles and even transfers, all tailored around your preferences.

2. TAILOR-MADE SAFARI

Our tailor-made or customised safari is where we assist our guests in designing a safari or tour that focuses on a combination of their interests or desired destinations, or both. Typically, guests who are first-time travellers on an African safari are interested in seeing a wide sampling of the many different options possible.

Those guests who are returning visitors may want to tailor their current African safari to places they have not previously seen, or alternatively, they may wish to return to a favorite destination once again.

- COME SEE NATURE IN ITS WILDLIFE -

3.SCHEDULED SAFARIS

Scheduled safaris and tours have set departure dates with set pricing. They typically run with a minimum of two to fourteen guests, depending on the itinerary.

Generally, our scheduled tours depart on set, non-negotiable dates, feature a circuit of popular attractions bundled around a theme, and are designed for medium to large groups of strangers travelling in a similar vehicle with a driver-professional and experienced guide for the duration of the safari. These tours are not customisable but are often the cheapest option. Scheduled and set departure tours definitely offer the most cost-effective way to see many attractions in a single tour but we don't believe that this is the best way to explore a destination as complex, rich and diverse as Africa. What you save in cash, you lose in freedom to do your own thing.

OUR SERVICE CATEGORY

FULLY SERVICED SAFARI

Guests do not participate in any camp duties, dedicated and skilled safari staff handles all aspects of camp chores and services. This option offers you the opportunity to design your own safari according to your special interests of itinerary, such as birding and photography safari.

We will do game views and provide our clients with camping equipment, food, soft drinks, water, beer, white wine and red wine, two tables, one small table, mattress, sleeping gear bedrolls with duvets and pillows, 2 (4x4) Toyota Land Cruisers, one Back-up Vehicle for luggage with staff; (Camp hand assistance, Chef, Waiter) and the other one for game view with a qualified specialist guide

- INSPIRING DESTINATIONS WITHIN YOUR REACH -

OUR SAFARI TRANSFERS

DRIVING-IN SAFARI

Guided driving safaris are conducted in closed 4x4 vehicles, with windows that open, as well as pop-up roofs for game viewing and photography purposes. Generally our vehicles are either 4 or 7 seater, with guides preferring to keep at least 2 of these seats "spare" for luggage and general comfort purposes, worth bearing in mind if planning a trip for a larger group.

Your guide will be looking after you for the duration of your time on safari. When visiting Okavango Delta you will fly into Maun airport where they will collect you and start the safari from there. They will be acting as your private guide and your driver, but they are very much guides who drive you as opposed to driver-guides who you have in many other places.

FLYING-IN SAFARI

For those on higher budgets for travelling, as well as those looking to access some of the more remote and unique parts of Botswana, flying safaris are an endearingly popular option. Offering easy access to some amazing areas of the country, as well as a bird's eye perspective on the landscapes, they truly are the ultimate way to experience Botswana in a nutshell.

When going on a flying safari you will be booked into each lodge on their Safari Package rate which includes all meals, morning and afternoon safari activities, as well as accommodation drinks in the majority of incidences.

OUR SAFARI ACCOMMODATION STANDARDS

TENTED MOBILE SAFARI

It's an overnight stay in tented accommodation in public or designated operator camping ground with all camping equipment; food and beverages, are provided. This is a fully-serviced, mobile tented safari with camping equipment, beds and en-suite bathrooms (bucket showers).

TENTED & FIXED LUXURY SAFARI

Our guest's will have an overnight stay in a combination of temporary tented accommodation, mid-range lodges and or other fixed accommodation facilities. The Botswana Qualified licensed professional guide accompanies all activities whether staying in the mobile camp or in a fixed accommodation location.
